these boots are SO CUTE! I was skeptical because I had purchased another pair of shoes for a cheap price off forever21 once and they came and were super cute but then after I wore them once they FELL APART. these shoes however are SO CUTE AND DURABLE! they look exactly like doc martens and you can tell the material they used on the soles won't wear down. These are PERFECT! I got a size 41 (I'm usually a size 9) and they fit pretty well, with room for socks.) I would definitely recommend these if you want a pair of "docs" at a cheaper price. Super impressed with the quality!

Wayyyy softer material than my docs when I got them, in the pictures you can see the comparison between the real ones (black) in US men's size 10 (which are a size too big for me but really comfy) and the ones from SHEIN in EU size 41. They are definitely smaller (as I expected) but they fit a EU size 40/41 perfectly. I wouldn't get these if your feet are a little bigger than that though, they might be too tight. Also the little tag at the heel does not say "AirWair" like the original, I can't really decipher what it's supposed to say.

They're a tiny bit smaller than I thought but they'll stretch out over time. They're similar to docs just a few minor differences. They're a lot softer which makes them more comfortable. They're also a lot lighter than docs but I love them overall.

great doc marten dupe, thick sole but not heavy at all, quite comfortable, I recommend sizing a half size up if possible, im normally a 8.5 so I got a EU 41 (equivalent of an American 9) & fits well with a thicker sock, has a zipper on the side along with shoelaces to tighten to your liking, very good quality

They look just like Docs, the lettering on the tag is off but other than that they are pretty identical. They run a little large but it's good to have room in them so you don't scrape your heels up too bad.

i'm OBSESSED I was worried because i have never bought shoes from shein before but they're exactly what i was hoping. i didn't want to spend \$180 on a pair of real docs but these seriously look almost identical. i'm a size 8 US and my toe is pretty close to the front but it's not uncomfortable. GET THEM!!!

I love these! These replicas look super similar to the Docs my friend has. They would look amazing with pants, skirts, and dresses. I would wear longer socks in them just for more comfort and style.

The straps were uncomfortable but the sole is so cushioning. I wear a Eur40 in other shoes but these were too small

I liked them so much as they are a dupe dr marten, but they made my feet look wide

Soooooo disappointing. The product is really comfy and looks really cool but it is way too small. I'm a size 8/8.5 and I usually go up and order a size 39 just in case but even that was too small and now the size 40 is sold out. Hopefully they can restock these so I can reorder. Also idk if this is supposed to happen, but the hardware on the strap pops off. like is the strap removable? Cuz it don't look like it's supposed to come off like it does...

I love these sandals! It doesnt look cheap at all it looks like from the brand Dr. Martens and it aint that heavy when you wear it. These sandals gives the illusion for having longer legs and taller. I absolutely recommend this, have yours now!
